

Key Highlights

A total of 455,166 60-kilo bags of coffee valued at US\$ 73.01 million were exported in May 2022 at an average weighted price of US\$ 2.67 /kilo, 23 cents lower than US\$ 2.90 /kilo in April 2022 and US\$ 1.08 higher than US\$ 1.59/kilo in May 2021. This was a decrease of 8% in quantity and an increase of 55% in value compared to the same month last year.

Farm-gate prices for Robusta Kiboko averaged UGX 2,600 per kilo; FAQ UGX 6,450 per kilo, Arabica parchment UGX 10,500 per kilo and Drugar UGX 9,500 per kilo.

Coffee exports for 12 months (June 2021-May 2022) totaled 6.35 million bags worth US 837.14 million compared to 5.88 million bags worth US\$ 540.54 million the previous year (June 2020-May 2021). This represents an increase of 8% and 55% in both quantity and value respectively.

77% of the total volume was exported by 10 exporters, out of 47 companies which performed during the month, compared to 75% in April 2022.

Wugar fetched the highest price at US \$ 5.38 per kilo. The share of sustainable Arabica exports to total Arabica exports was 5% lower than 13% the previous month.

1. Coffee exports

Coffee exports in May 2022 amounted to 455,166 60-kilo bags worth US\$ 73.01 million as shown in Fig 1. This comprised 350,312 bags of Robusta valued at US \$47.31 million and 104,854 bags of Arabica valued at US\$ 25.71 million (see Table 1 and Annex 1). This was a decrease of 7.75% in quantity but an increase of 55.15% in value compared to the same month last year.

By comparing quantity of coffee exported by type in the same month of last Coffee Year (May 2021), Robusta decreased by 18.35% in quantity but increased by 26.21% in value. Arabica exports increased by 62.86% and 168.41% in quantity and value respectively.

The decrease in Robusta exports was mainly attributed to lower yields this year that were characterized by drought in some regions. This led to a shorter main harvest season in Central and Eastern regions. The increase in Arabica coffee exports is due to an on-year cycle characteristic of Arabica coffee production.

Coffee exports for the 12 months (June 2021-May 2022) amounted to 6,346,594 60-kilo bags worth US\$ 837.14 million compared to 5,880,179 60-kilo bags valued at US\$ 540.54 million the previous year (June 2020- May 2021). This represents 7.93% and 54.87% increase in both quantity and value respectively (Figure 1).

Fig 1: Trend of Total Quantity and Value of Coffee Exported: June 2021- May 2022

Table1: Comparison of Coffee Exports of May 2020/21 and 2021/22 Coffee Years

Period/Coffee Type	2020/21		2021/22		%age Change	
	Qty(60-kbag)	Value (US \$)	Qty(60-kbag)	Value (US \$)	Qty(60-kbag)	Value (US \$)
May Total	493,424	47,059,896	455,166	73,014,544	↓ -7.75	↑ 55.15
Robusta	429,040	37,482,065	350,312	47,307,162	↓ -18.35	↑ 26.21
Arabica	64,384	9,577,831	104,854	25,707,381	↑ 62.86	↑ 168.41

2. Exports by Type and Grade

Table 2 shows coffee exports by type, grade and average realized price for each grade during the month of May 2022. The average export price was US\$ 2.67 per kilo, 23 cents lower than US\$ 2.90 per kilo realized in April 2022. It was US\$ 1.08 higher than in May 2021 (US \$ 1.59/kilo). Robusta exports accounted for 77% of total exports higher than 68% in April 2022. The average Robusta price was US\$ 2.25 per kilo, 1 cent lower than the previous month. Washed Robusta and Organic Robusta fetched the highest and second highest price of US\$ 2.79 per kilo and US\$ 2.48 per kilo, a premium of 43 and 12 US cents over conventional Screen 18 respectively.

The share of Sustainable/washed coffee to total Robusta exports was only 0.98%. The proportion of Screen 18 was 11% of total Robusta. Arabica fetched an average price of US\$ 4.09 per kilo, 20 cents lower than in April 2022. The highest price was for Wugar sold at US\$ 5.38 per kilo, and was followed by Sustainable Arabica Fully Washed Sipi Falls sold at US\$ 5.28 per kilo, a premium of US Cents 40 over conventional Bugisu AA. Drugar was sold at 4.10 US\$ per kilo, a discount of US cents 78 from Bugisu AA. Drugar exports were 54% of total Arabica exports compared to 43% the previous month. The share of sustainable Arabica exports to total Arabica exports was 5%.

Table 2: Coffee Exports by Type, Grade & Unit Price in May 2022

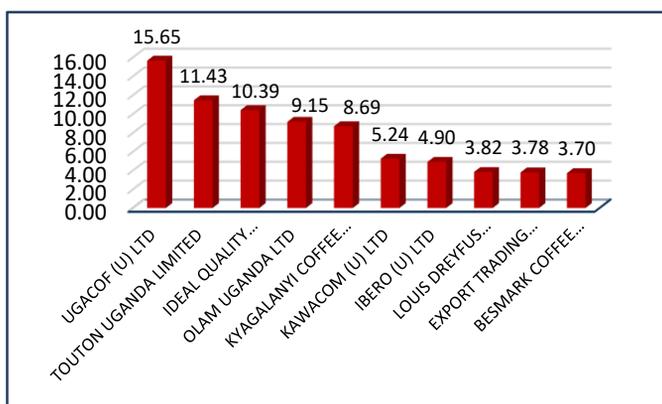

Coffee type	Quantity 60-Kilo Bags	%-age Quantity	Value in US \$	%-age Value	Unit Price US\$/Kilo

3. Individual Exporter Performance

Figure 2 shows the top 10 export companies in the month of May 2022. Ugacof (U) Ltd had the highest market share of 15.65% compared to 11.11% in April 2022. It was followed by Touton Uganda Limited 11.43% (9.77%); Ideal Quality Commodities Ltd 10.39% (7.47%) Olam Uganda Limited 9.15% (8.50%); Kyagalanyi Coffee Ltd 8.69% (6.93) Kawacom (U) Ltd 5.24% (13.10%); Ibero (U) Ltd 4.90% (3.82%); Louis Dreyfus Company (U) Ltd 3.82% (5.27%); Export Trading Company (U) Ltd 3.87% (4.63%); and Besmark Coffee Company Limited 3.70% (3.58%) *The figures in brackets represent percentage market share held in April 2022.

The top 10 exporters held a market share of 77% higher than 75% the previous month. There were changes in positions compared to last month reflecting competition at the exporter level. Out of the 47 exporters that performed, 20 exported Robusta Coffee only while 10 exported Arabica coffee only. Annex 2 shows a detailed list of exporters' performance in May 2022.

Figure 2: Top 10 Exporting Companies by percentage market share

4. Foreign buyers of Uganda Coffee

Annex 4 shows a list of Ugandan coffee foreign buyers in May 2022. The top 10 buyers held a market share of 73% of total exports higher than 66% the previous month. Sucafina led with a market share of 16.21% compared to 12.78% in April 2022. It was followed by Touton Geneve 12.20% (9.77%); Olam International 11.08%;(9.26%); Ecom Agro Industrial 5.87% (11.21%) Volcafe 5.60% (4.25%); Bernhard Rothfos 5.28% (3.82%); Altasheel Import & Export Enterprises 4.77%; (3.09%) Hamburg Coffee 4.60% (2.32%), Louis Dreyfus 3.89% (5.66%) and Jacobs Douwe Egberts 3.15% (1.59%).

Note: The figures in brackets represent percentage performance in the previous month – April 2022.

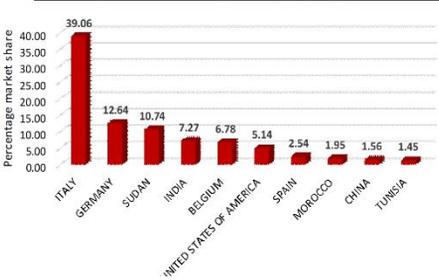

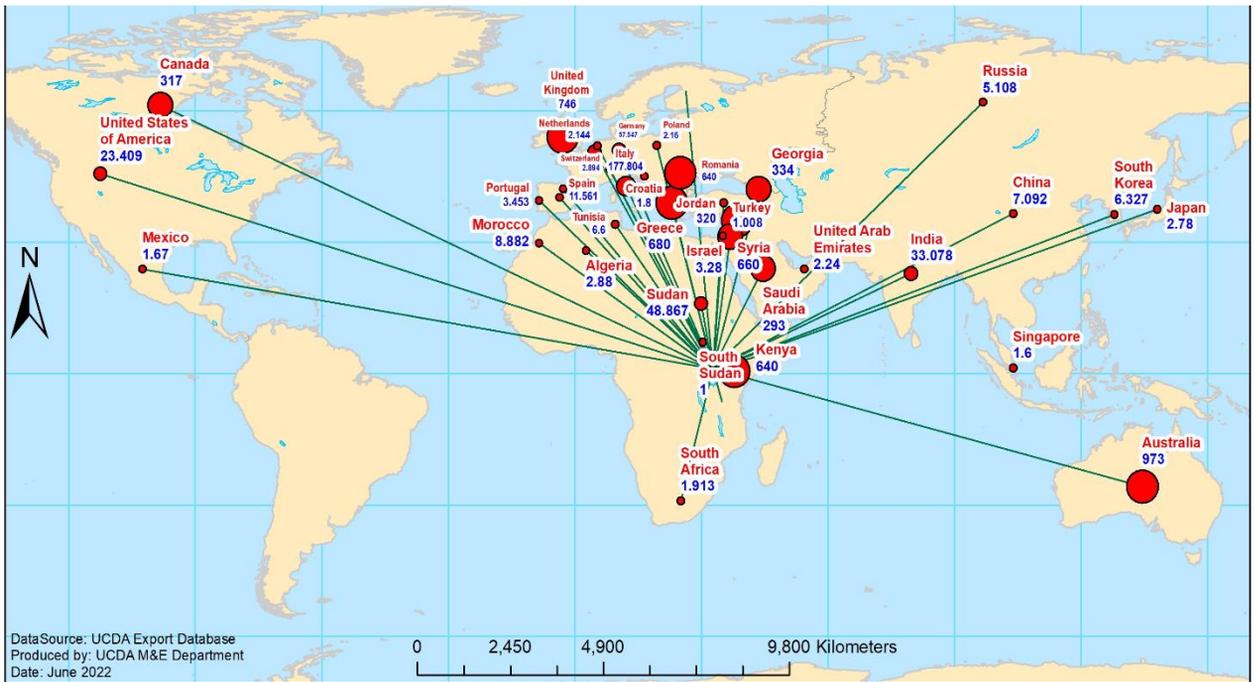

There were changes in relative position of the first ten major buyers reflecting increasing demand for Uganda coffee abroad.

5. Coffee Exports By Destination

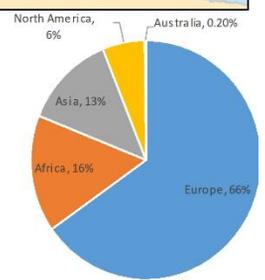

The destinations of Uganda’s coffee exports during the month of May 2022 are shown in **Fig 3** (details in **Annex 3**). Italy maintained the highest market share of 39.06% compared with 33.12% last month. It was followed by Germany 12.64% (13.41%), Sudan 10.74% (14.59%) India 7.27% (7.71%) and Belgium 6.78% (5.70%). **The figures in brackets represent percentage market share held in April 2022.*

Coffee exports to Africa amounted to 70,782 bags, a market share of 16% compared to 90,076 bags (23%) the previous month. African countries included Algeria, Sudan, Morocco, Tunisia, South Africa, South Sudan, and Kenya. Europe remained the main destination for Uganda’s coffees with a 66% imports share higher than 58% in April 2022.

Fig 3: Map showing Uganda’s coffee destinations for May 2022.

Robusta: 350,312 60kg bags
 Arabica: 104,854 60kg bags
 Total Quantity: 455,166 60kg bags

A sustainable coffee industry with high stakeholder value for social economic transformation

6. Global Situation

World coffee production for 2021/22 is forecast to be 167.5 million, down 8.5 million bags from the previous year. This will mainly be due to Brazil's lower production as Arabica trees enter the off-year biennial production cycle and dry weather. As a result of lower output, global ending inventories are expected to drop by 17% to 30 million bags. World green bean exports are expected to reduce by 3% to 117.2 million bags as lower exports from Brazil will be offset by higher shipments from Vietnam. Global consumption is expected to rise by 1% to 164.9 million, with the largest gains in the European Union, the United States, and Brazil (United States Department of Agriculture, Coffee: World Markets and Trade report).

7. Local Situation

During the month of May 2022, farm gate prices ranged from Sh.2,400-2,800/= per kilo of Kiboko (Robusta dry cherries); Shs. 6,200-6,700/= for FAQ; Sh. 10,000- 11,000/= for Arabica parchment; and Sh.,9,000-10,000/= per kilo for Drugar from Kasese. Robusta Kiboko averaged UGX 2,600/= per kilo; FAQ UGX 6,450/= per kilo, Arabica parchment UGX 10,500/= per kilo and Drugar UGX 9,500/= per kilo.

8. Coffee Development and Promotional Activities

During the month of May 2022, the rainfall distribution across the country was average. Incidences of hailstorms leaving damages on coffee were registered in Western and Eastern regions. Coffee planting was subdued due to UCDA's inability to provide planting materials on credit because of budget shortfall. Coffee Farmers through their District Local Governments and individually continue to demand for seedlings. The rains triggered ripening of mid-year crop resulting in more volumes being harvested. In regard to pests and disease incidences, the Black Coffee Twig Borer (BCTB) continues to be a major threat to coffee yields in most regions. Cases of coffee berry borer, foraging caterpillars, stem beetles and mealybugs were also reported in some regions. In Elgon, Coffee Leaf Rust and Coffee Berry Diseases were evident on coffee in low and high altitudes.

The major development activity undertaken during the month was delivery and distribution of **3,833 metric tons** of organic fertilizer to coffee farmers who had stumped their old and less productive coffee trees in Central, Greater Masaka, South Western, Eastern and Rwenzori regions. The distribution exercise was done in joint collaboration between UCDA, District Local Governments & Operation Wealth Creation. In central, 34,080 bags of fertilizer distributed and applied to 3,244,036 stumped coffee trees benefiting 7,238 (5,711 Male & 1527 Female) farmers. In South Western, distribution was through cooperatives who received a total of 34,287 bags of fertilizer to rejuvenate 1,711,850 coffee trees in the region. In Eastern region (Bukedi and Busoga sub regions), a total of 29,820 bags of 25kg each were distributed to rejuvenate 1,153,558 trees, while in Greater Masaka and Rwenzori a total of 33,373 bags, and 17,033 bags respectively were distributed. Under technical extension services, a total of 151 coffee handling facilities were inspected and/or registered. 22 radio talk shows were held (6 in Western, 2 in Central, 10 in South Western & 4 in Rwenzori) on rehabilitation, Fertilizer application, strengthening Farmer Organizations, Value addition, quality control, regulation, and enforcement of standards. Other activities conducted during the month included: verification of coffee nurseries and farmer trainings for offering coffee specific advisory.

9. Outlook for June 2022

Coffee exports are projected to be 500,000 bags. The main harvesting period season in Masaka and south western region is on and a good crop is expected given the adequate rains in April 2022.
