Date of Issue: 19th January, 2023

PREFACE

1. This Standard Bidding Document (SBD) document has been prepared by the Public Procurement and Disposal of Public Assets Authority (PPDA) for use by Procuring and Disposing Entities (PDEs) for the procurement of Non-Consultancy Services. The procedures and practices presented in this SBD have been developed to reflect the requirements of the Public Procurement and Disposal of Assets Act, 2003, the Public Procurement and Disposal of Public Assets Regulations, 2014 and best international procurement practices.
2. This SBD for the Procurement of Non-Consultancy Services is suitable for use under the Open (International or Domestic) Bidding procurement method with or without pre-qualification. It is also suitable for the Restricted (International or Domestic) Bidding procurement method. The SBD may also be used for procurement under the Direct Procurement method with appropriate modifications to the document.
3. This SBD is suitable for lump-sum contracts where the services are pre-defined and the period of the services are fixed to enable a total lump sum amount to be calculated representing the total amount under the contract. Thus time based contracts would not normally be applicable to non-consultancy services. The User Guide to this SBD further explains the circumstances in which this SBD for non-consultancy services is most appropriate.
4. The preferred evaluation methodology for procurement of non-consultancy services is Technical Compliance Selection (TCS) as described in the PPDA Regulations, and further elaborated in the User Guide to this SBD.
5. Before using this SBD, the user should be familiar with the PPDA Act and Regulations and should read the User Guide to this SBD which has been prepared to provide guidance to public officials in the correct use of the Standard Bidding Document (SBD) for Non-Consultancy Services as a model for preparing an individual Bidding Document.

PPDA welcomes any feedback or comments from the users of this SBD which will assist in improving this document.

E. Evaluation of Bids

26. Confidentiality

- 26.1 A procuring and disposing entity shall not disclose to a bidder or to any other person who is not involved in the preparation of the solicitation documents, the evaluation process or the award decision, any information relating to-
- (a) solicitation documents, before the solicitation documents are officially issued;
 - (b) the examination, clarification, evaluation and comparison of bids before the best evaluated bidder notice is displayed on the procurement and disposal notice board of the procuring and disposing entity.
- 26.2 Any effort by a Bidder to influence the Procuring and Disposing Entity in the examination, evaluation, comparison, and post-qualification of the bids or contract award decisions may result in the rejection of its bid.
- 26.3 Notwithstanding ITB Sub-Clause 26.2, from the time of bid opening to the time of Contract award, if any Bidder wishes to contact the Procuring and Disposing Entity on any matter related to the bidding process, it should do so in writing.

27. Clarification of Bids

- 27.1 To assist in the examination, evaluation, comparison and post-qualification of the bids, the Procuring and Disposing Entity may, at its discretion, ask any Bidder for a clarification of its bid. Any clarification submitted by a Bidder that is not in response to a request by the Procuring and Disposing Entity shall not be considered. The Procuring and Disposing Entity's request for clarification and the response shall be in writing. The request for clarification shall be copied to all bidders for information purposes. No change in the price or substance of the bid shall be sought, offered, or permitted, except to confirm the correction of arithmetic errors discovered by the Procuring and Disposing Entity in the evaluation of the financial bids, in accordance with ITB Clause 29.4.

28. Compliance and Responsiveness of Bids

- 28.1 The Procuring and Disposing Entity's determination of a bid's compliance and responsiveness is to be based on the contents of the bid itself.

28.2 A substantially compliant and responsive bid is one that conforms to all the terms, conditions, and requirements of the Bidding Document without material deviation, reservation, or omission. A material deviation, reservation, or omission is one that:

- (a) affects in a substantial way, the scope or quality of the supplies or services or the performance of the works to be procured;
- (b) is inconsistent with the bidding document and which may in a substantial way, limit the rights of the procuring and disposing entity or the obligations of the bidder under the contract;
- (c) if corrected would unfairly affect the competitive position of the other bidders whose bids are administratively compliant and responsive; or
- (d) impacts the key factors of a procurement including cost, risk, time and quality and causes -
 - (i) unacceptable time schedules, where it is stated in the bidding document that time is of the essence;

29. Nonconformities, Errors, and Omissions

29.1 Provided that a bid is substantially compliant and responsive, the Procuring and Disposing Entity may waive any non-conformity or omission in the bid that does not constitute a material deviation.

29.2 Provided that a bid is substantially compliant and responsive, the Procuring and Disposing Entity may request that the Bidder submit the necessary information or documentation, within a reasonable period of time, to rectify nonmaterial nonconformities or omissions in the bid related to documentation requirements. Such omission shall not be related to any aspect of the price of the bid. Failure of the Bidder to comply with the request may result in the rejection of its bid.

29.3 Provided that a bid is substantially compliant and responsive, the Procuring and Disposing Entity shall rectify nonmaterial nonconformities or omissions. To this effect, the bid price shall be adjusted, for comparison purposes only, to reflect the price of the missing or non-conforming item or component.

29.4 Provided that the bid is substantially compliant and responsive, the Procuring and Disposing Entity shall correct arithmetic errors on the following basis:

- (a) if there is a discrepancy between the unit price and the total price that is obtained by multiplying the unit price and quantity, the unit price shall prevail and the total price shall be corrected, unless in the opinion of the Procuring and Disposing Entity there is an obvious misplacement of the decimal point in the unit price, in which case the total price as quoted shall govern and the unit price shall be

corrected;

- (b) if there is an error in a total corresponding to the addition or subtraction of subtotals, the subtotals shall prevail and the total shall be corrected; and
- (c) if there is a discrepancy between words and figures, the amount in words shall prevail, unless the amount expressed in words is related to an arithmetic error, in which case the amount in figures shall prevail subject to (a) and (b) above.

29.5 If the Bidder that submitted the best evaluated bid does not accept the correction of errors, its bid shall be rejected and its Bid Security may be forfeited or Bid Securing Declaration executed.

30.3 The Procuring and Disposing Entity shall examine the bids to confirm that all documents and technical documentation requested in ITB Clause 12 have been provided, and to determine the completeness of each document submitted.

30.4 The Procuring and Disposing Entity shall confirm that the following documents and information have been provided in the bid. If any of these documents or information is missing, the offer shall be rejected.

- 33.1 Unless otherwise specified in the BDS, a margin of preference shall apply. Where a Margin of Preference applies, its application and detail shall be specified in Section 3, Evaluation Methodology and Criteria.
- 33.2 For the purpose of granting a margin of domestic preference, bids will be classified in one of three groups, as follows:
- (a) Group A: bids from providers incorporated or registered in Uganda where more than fifty percent of the bidder's capital is owned by Ugandan citizens or by the Government or a procuring and disposing entity of Uganda;

36. Post-qualification of the Bidder

- 36.1 The Procuring and Disposing Entity shall determine to its satisfaction whether the Bidder that is selected as having submitted the best evaluated bid is qualified to perform the Contract satisfactorily.
- 36.2 The determination shall be based upon an examination of the documentary evidence of the Bidder's qualifications submitted by the Bidder, pursuant to ITB Clause 5, to clarifications in accordance with ITB Clause 27 and the qualification criteria indicated in Section 3, Evaluation Methodology and Criteria. Factors not included in Section 3 shall not be used in the evaluation of the Bidder's qualifications.
- 36.3 An affirmative determination shall be a prerequisite for award of the Contract to the Bidder. A negative determination shall result in disqualification of the bid, in which event the Procuring and Disposing Entity shall proceed to the next best evaluated bid to make a similar determination of that Bidder's capabilities to perform satisfactorily.
- 36.4 If pre-qualification has been conducted, no post-qualification will be conducted but pre-qualification information shall be verified.
